What's wrong with Blitz? He isn't injured is he?
I'm not sure... I think he and Raven are having an argument. But only Credenza can see it.
Stop shouting, Raven, your voice hurts my ears.
No Blitz, you're not wheedling your way out of this one! You could have killed us! You could have killed Credenza!
Credenza!? No! No! I would never hurt Credenza! I love Credenza!
Well you almost did, Blitz! Your... your foolishness nearly hurt us all.
Can't you at least try to act like a normal human being!?
What if next time there's no book to save us?
I... I can't help it.
Why are you so trouble-some? We're more useful when I'm in control, and-
Raven!
Credenza? Wha-
smack!

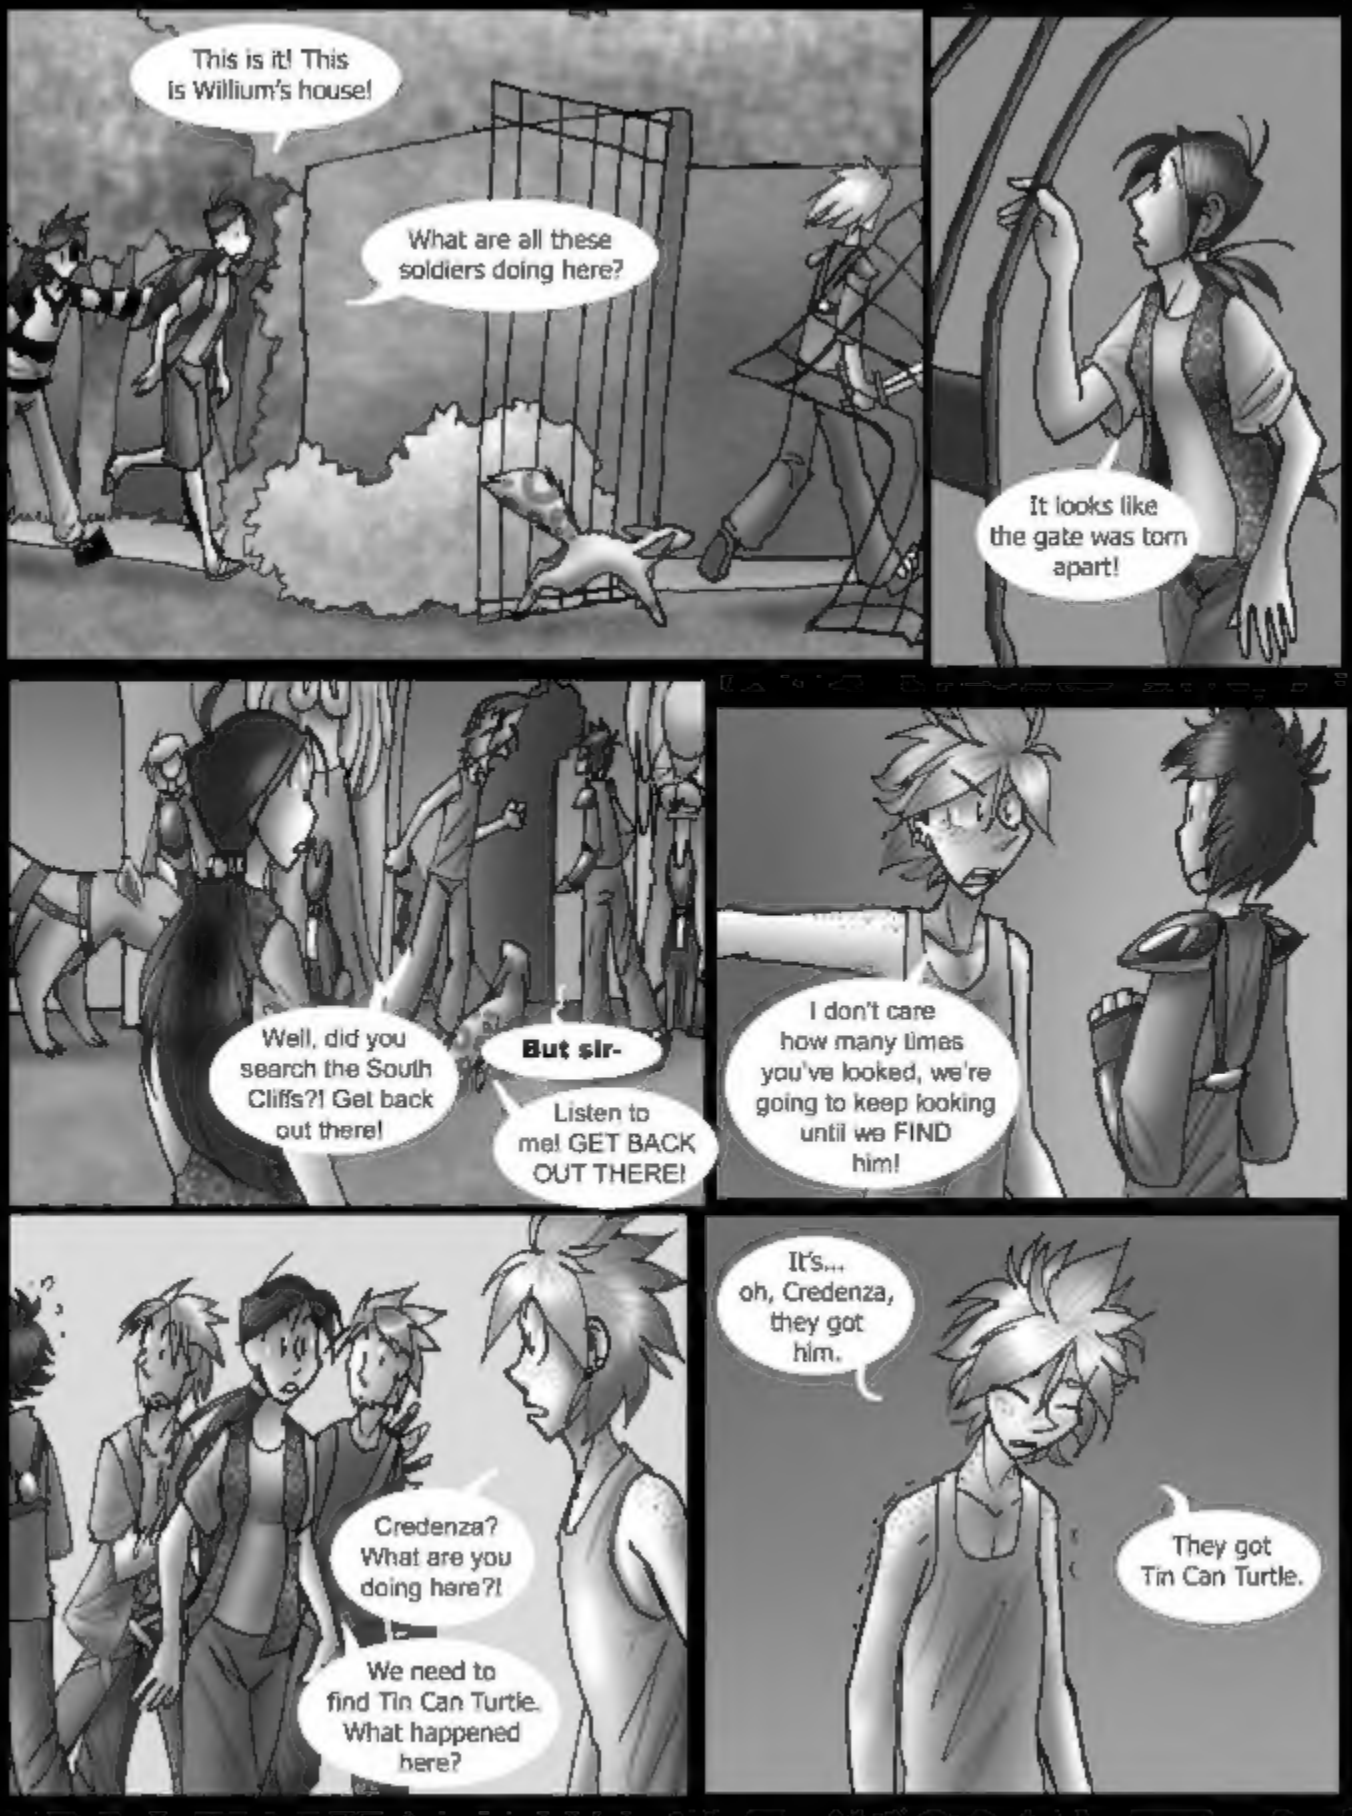
YOU...
YOU HIT ME...
Really? I hadn't noticed.
BUT... THAT SHOULDN'T BE POSSIBLE!
I'M A SPIRIT, HOW CAN A PHYSICAL BEING LIKE YOU STRIKE ME?
It doesn't matter how, it was a well deserved smack.
CHYA! HOW CAN YOU STAND UP FOR HIM? YOU KNOW HIS FAULTS BETTER THAN ANY OF US.
JUST BECAUSE HE'S 'SPECIAL'? THAT DOESN'T MEAN HE DESERVES LENIENCY FOR HIS FAULTS.
Do I have to remind you who CAUSED those faults!?
It was you who broke Blitz! You who made him like this! If anyone is to be blamed, it's you!
Blitz is paying for your mistakes, the least you could do is show him some respect.
BUT... CREDENZA! PLEASE! THAT WASN'T ME BACK THEN. I'VE CHANGED! I'M NOT A RAVEN ANYMORE.
Then start acting like it! C'mon Riley, lets go fix that engine.

Maybe I was too harsh. I understand where Raven is coming from.
He's still getting used to human emotions. He's frustrated and he doesn't know how to handle that.
But that's no reason to take it out on Blitz. I just hope I didn't make things worse.
Naw, you're fine. Raven just has a temper, a lot of regular people do. He likes fighting.
He must have been surprised when you slapped him; though it'll probably just encourage him.
Encourage?
I think he fancies you, and you DO look cute when you're mad.
Pfft-BWAHAHAHA
(giggle) *SNORT* HEEHEEHEE
GASP Hahahaha!
(thump)
Heehee, oh come on Riley, Raven's well... Raven! Even if he CAN fancy someone, it certainly wouldn't be me.
Well, why not?
Any man who has half a brain would like you, Credenza. I like you.
I... you... get back to work on that engine!
Just speaking my mind.

Ah! Here we go, I think I found the problem.
Just a little tug here and...
BZZT!
Owch!
Nasty little... oh boy, this isn't good.
No wonder the sub was going crazy, its heart crystal is fractured.
Yeah, it's broken all right. How was it even *running*? Can you get a new one?
Pssh, yeah right. That crystal costs more than the rest of the sub put together!
I'm actually surprised it lasted as long as it did. This crystal is pretty old.
But the sub won't have power without the heart crystal. What can we do?
Well... maybe we can find a really... REALLY old one that someone will sell to us cheap.
If we can even get to land. How will the sub move without the crystal?
I have my ways. We can probably get the last few miles to Coin Island out of her.
How!? It could fall apart at any moment!
Duct tape!
SCRIIIIP

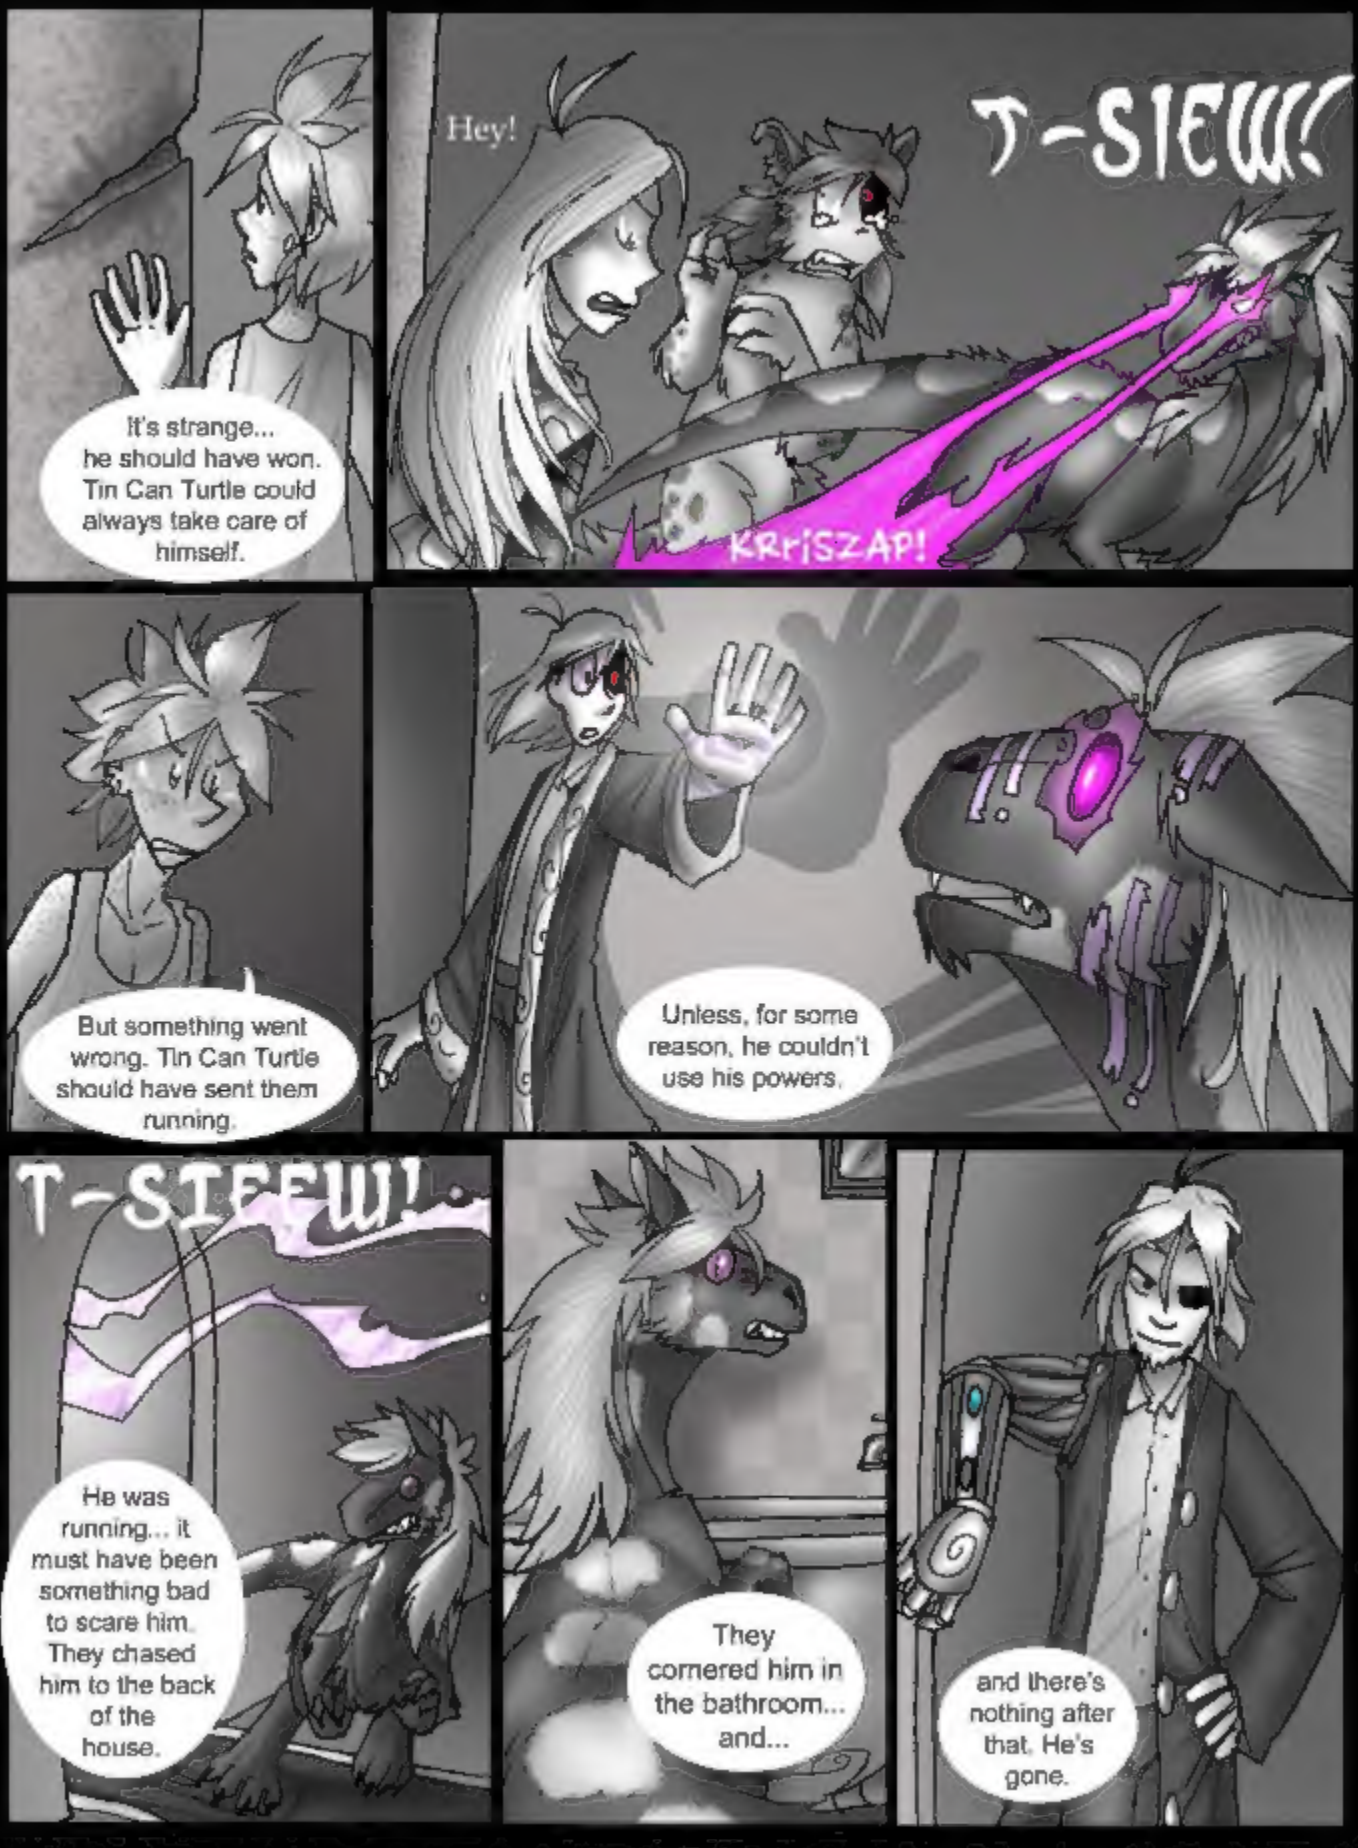
VMMMMMMMMMMM
WHUP
WHUP
WHUP
WHUP
WHUP
WHUP
WE'VE GOT POWER! LET'S GET THIS SUB MOVING!
SHE LIVES!
You done good, Riley. You done good.
It's not perfect, but with luck it will get us the last stretch of the journey.
We need to find Tin Can Turtle before Snow and his crew can steal his soul.
Next stop:
Coin Island

I'M SO SORRY WE DON'T HAVE ANY HEART CRYSTALS, MR.LUCK. HAVE A NICE DAY ANYWAY.
NO LUCK FINDING A NEW CRYSTAL. WE'RE STUCK HERE.
All that matters Tuff is that we protect Tin Can from Captain Snow. He already has Prince Paollo's soul, we can't let him get another one.
Does anyone even remember where Tin Can Turtle's house is?
Well, the door had a skull over it.... !
ORO!
Oro! Orroro! Ro!
Oro!
ISN'T THAT SIMON'S DOG? WHAT'S SHE DOING OUT HERE?
Oro! ORO!
CREDENZA?
Come on! June LIVES with Tin Can Turtle, she can lead us there!



This is it! This is Willium's house!
What are all these soldiers doing here?
It looks like the gate was torn apart!
Well, did you search the South Cliffs?! Get back out there!
But sir-
Listen to me! GET BACK OUT THERE!
I don't care how many times you've looked, we're going to keep looking until we FIND him!
Credenza? What are you doing here?!
We need to find Tin Can Turtle. What happened here?
It's... oh, Credenza, they got him.
They got Tin Can Turtle.

Oh... oh wow. Simon...
Simon, I'm so sorry...
I'm still a novice tracker, but the signs here aren't hard to read. It was a hard fight.
There must have been 3 or 4 of them, maybe even a were-beast.
I think Tin Can was the first to attack, judging from those burn marks.
T-SIEWW!
SKREE!
And then there are these blood stains everywhere... it's hard to tell whose blood it is...
Knowing Tin Can Turtle though...
!EEP! !EEP! !EEP!
GRRRR



It's strange... he should have won. Tin Can Turtle could always take care of himself.
Hey!
T-SIEW!
KRRiSZAP!
But something went wrong. Tin Can Turtle should have sent them running.
Unless, for some reason, he couldn't use his powers.
T-SIEEW!
He was running... it must have been something bad to scare him. They chased him to the back of the house.
They cornered him in the bathroom... and...
and there's nothing after that. He's gone.

RRRG!
RATTLE
THUMP!
It's not that bad Simon, there's still a chance-
What chance?! He's gone! He's gone and I could have saved him if I had been there.
You didn't know Simon, how could you? Even we didn't know Snow was after Tin Can until a few days ago.
If I had just been home last night he would still be here. Now I don't even know if he's alive!
WILL YOU TWO JUST SHUT UP FOR A SECOND?!
Raven?
THERE ARE TRACES OF MAGIC HERE ON THE FLOOR. THIS STORY GOES BEYOND JUST THE PHYSICAL CLUES. SNOW WAS HERE.
You've led us on quite a chase Sisirash Taratilca. I respect that. But it ends here.
Hssssss!
